

# PHILOSOPHY

We believe that through cooperative planning we can provide broad educational opportunities for nurses and nursing students within this area.

We affirm our continuing commitment to career mobility education.

We support image building for nurses and policy-making for nursing at the local, state and national level through the collaborative efforts of nursing education and nursing service.

# CONSORTIUM OFFICERS 2017-2018

- Chair-Dina Neeman

- Treasurer-Open
- Secretary-Betty McPeak  
North Orange County Regional Occupational Program

**PROVIDING BROAD EDUCATIONAL OPPORTUNITIES FOR LOCAL NURSING STUDENTS**

[www.oclbcp.org](http://www.oclbcp.org)

## GOALS OF THE CONSORTIUM:

- Provide a forum for study, discussion, cooperative planning, and recommendations on nursing issues with respect to education, service and professionalism
- Be an influence in the community through responsible research, open discussion, and support of evidence based practices essential to quality health care

## GOAL IMPLEMENTATION

- Strengthening and expanding the articulated nursing education network now in effect amongst the institutions of higher education of the Orange County/Long Beach (OC/LB) area
- Developing collegial relationships between health care agencies and schools of nursing so as to work in a coordinated effort to address joint needs and pertinent current practice issues.
- Providing an organizational structure to facilitate joint planning of the use of clinical facilities for educational purposes.
- Providing a forum for the development of policies and procedures affecting clinical placements for educational purposes.
- Providing a forum for discussion of nursing practice standards for nursing service and education in this geographic area.
- Contributing to continuing education programs for the OC/LB nursing personnel.
- Developing nursing manpower studies where feasible.

- Disseminating information via an educational platform to the public, professional organizations, and/or legislators in either written or verbal format regarding health care issues.
- Assisting health care agencies and schools of nursing to coordinate efforts to meet regulations and accreditation standards The Joint Commission (TJC), Board of Registered Nursing (BRN), Board of Vocational and Psychiatric Technician (BVNPT), Department of Public Health Services (DPHS), Centers for Medicare and Medicaid Services (CMMS), Occupational Safety and Health Administration (OSHA).
